

Technical Director

Volunteer on the Board of Directors

Suzart Productions is seeking a volunteer Technical Director for the company to carry our organization forward. We are a company that is founded by family for family and we're looking for passion, experience, and most of all leadership.

A little about the future you.

The Technical Director is a key member of the volunteer staff with the following responsibilities:

- Maintain technical assets (lighting and sound equipment, props).
 - Recommend purchase of equipment and props.
 - Maintain materials for maintenance of equipment and props.
 - Manage the use (internal, external, and rental) of equipment and props.
 - Oversee the return and proper storage of equipment and props.
 - Recommend disposal of equipment and props based on quality and planned use.
- Support directorial teams, design teams, and crew as required with technical support.

A little about us.

Suzart is a non-profit, charitable musical theatre company specializing in affordable entertainment for the whole family. This means that we strive for affordability for our audience by providing high value for the price of admission, but also high value for our members.

We produce three to seven shows each year, focusing on engaging the whole family. We provide opportunities for both youth and adults to shine on and off-stage. This upcoming season includes Mary Poppin's Jr., Elf the Musical, Cabaret, and Seussical.

Our organization is transforming and looking for leadership that will carry us into the future!

Interested? Let us know.

Please send us letter of intent that highlights your experience to president@suzart.ca. Please be sure to address your demonstrated experience and how it relates to the tasks of the position.

Getting you in place.
